

POT PADS™

Plastic dome bases coupled with non-skid rubber pads, Pot Pads™ elevate pots discretely to create aeration and prevent deck staining. They also double as a furniture mover for your pots. Will not chip or break. Hold up to 3,000lbs.

LIFTER PADS™

Lifter Pads™ do the heavy lifting so you don't have to! Position Lifter Pads™ under large pots, statuary, storage cabinets, deck boxes, boat boxes, and a variety of other items to aerate and prevent rot, staining, and mold. Simply hose or dust beneath elevated items to keep surfaces clean! For use outdoors, indoors, or in the garage.
