A family business

ALLSOP HOME & GARDEN is a family business started by a father and a daughter who were inspired to create a better wheelbarrow. Over twenty years later, we are still inspired to create the best, most innovative, and conscientious products possible, from garden tools to solar lighting. At Allsop Home & Garden we know that we benefit from working as a team where employees are valued and encouraged to help create, design, and innovate. Originally recognized for founding the concept of “solar garden art,” Allsop Home & Garden is now known for combining unique materials with light sources to bring you beautiful, sustainable, and unparalleled lighting both in and outside the home. Everything we sell is designed by us with our customers in mind. Collectively, Allsop Home & Garden and Allsop Inc. hold over 450 patents worldwide. Our mission is to create meaningful and quality products that are as important to you as they are to us.

**TRANSFORM YOUR YARD AND PATIO WITH
ARTISTIC ECO-FRIENDLY LIGHT**

Soji™ Stella Solar Lanterns

The hallmark of our Soji™ Stella solar lantern collection is the ultra-durable yet lightweight DuPont™ Tyvek® material, punched with intricate designs that are beautiful by day and cast ethereal light patterns by night. Reminiscent of tin luminarias, these gorgeous lanterns are available in a variety of hues, shapes, and punches to suit any style. Featuring metallic jewel tones, geometric patterns, and free-spirited floral patterns, these best-sellers bring elegance to any outdoor oasis.

“I was so amazed to see these lit up at night! Wow! Beautiful by day, but magic by night.”

Solar Glass Lanterns

Our artisan-made glass solar votives are beautiful both collecting sunlight by day and glowing sweetly by night. Available in various colors and silhouettes, the flecked and textured glass casts beautifully dappled patterns of light. Our votives can sit tabletop or hang from a hook or branch, perfect for softly illuminating a romantic alfresco dinner or a charming garden pathway. Hand-blown glass means that no two pieces are exactly alike, making these our most giftable products!

"I use these on our boat and they are perfect for the upper deck area to give soft lighting at night"

Solar Punched Metal

Our punched metal luminarias are a sturdy, free-standing steel votive series that captures and casts light in a truly stunning way. When the sun goes down, they add sophistication and warmth to the outdoor landscape.

Solar String Lights

Add the finishing touch to any outdoor space with our gorgeous solar string lights. Choose from plated and punched steel or vivid weather-resistant nylon. Because the solar collector is spaced many feet away from the first bulb, these lights are not only eco-friendly but also easy to hang. String them across a patio, off an umbrella, or through a trellis for the height of elegant ambiance.

“These string lights are super cool. I love the pattern and how they light up at night.”

Garden Tools & Accessories

In the early 2000's, our founder Jim Allsop was inspired to create a better wheelbarrow. With his invention of the groundbreaking and ergonomic WheelEasy™, our line of innovative garden tools was launched. Now, the Allsop Home & Garden product line has expanded to improve upon not only the wheelbarrow but also the tarp and pot feet. From the casual weekend landscaper to the dedicated master gardener, we have the right tools for anyone to cultivate the perfect outdoor space.
