## A family business

**ALLSOP HOME & GARDEN** is a family business started by a father and a daughter who were inspired to create a better wheelbarrow. Over twenty years later, we are still inspired to create the best, most innovative, and conscientious products possible, from garden tools to solar lighting. At Allsop Home & Garden we know that we benefit from working as a team where employees are valued and encouraged to help create, design, and innovate. Originally recognized for founding the concept of “solar garden art,” Allsop Home & Garden is now known for combining unique materials with light sources to bring you beautiful, sustainable, and unparalleled lighting both in and outside the home. Everything we sell is designed by us with our customers in mind. Collectively, Allsop Home & Garden and Allsop Inc. hold over 450 patents worldwide. Our mission is to create meaningful and quality products that are as important to you as they are to us.

# Soji™ Stella Solar Lanterns

The Soji™ Stella solar lantern collection is defined by its blend of ultra-durability and lightweight design, crafted from high-quality DuPont™ Tyvek® material. Intricately punched with captivating patterns, these lanterns are stunning by day and transform by night, casting ethereal light patterns that add magic to any space. Inspired by traditional tin luminarias, the collection offers a variety of colors, shapes, and designs to suit every style. From metallic jewel tones to geometric motifs and free-spirited florals, these best-sellers bring a touch of elegance and charm to any outdoor oasis.

“I was so amazed to see these lit up at night! Wow! Beautiful by day, but magic by night.”

# Solar Glass Lanterns

Our artisan-made glass solar votives are as stunning by day as they are by night. During the day, they collect sunlight, and by night, they glow with a soft, enchanting light. Available in a variety of colors and shapes, the textured, flecked glass casts beautifully dappled patterns of light, creating a warm and inviting atmosphere. Perfect for table settings or hanging from a hook or branch, these votives are ideal for adding a touch of romance to an alfresco dinner or a whimsical glow to a garden pathway. Hand-blown glass ensures that each piece is one-of-a-kind, making them the perfect gift for any occasion.

“I use these on our boat and they are perfect for the upper deck area to give soft lighting at night”

SOLAR GLASS LANTERNS

# Solar Punched Metal

Our punched metal luminarias are a collection of sturdy, free-standing steel votives that capture and cast light in a truly captivating way. As evening falls, they transform the outdoor landscape, adding a touch of sophistication and warmth to any setting. With their intricate designs, these luminarias create a beautiful glow that enhances the ambiance of your space.

## Durable, Repairable, and Eco-Friendly

At Allsop Home & Garden, we design products with both your outdoor space and the environment in mind. We focus on creating durable, repairable, and maintainable products that stand the test of time. Unlike short-lived alternatives, our solar products are built to last for years of enjoyment. With replaceable parts for easy upkeep and extended life, we ensure that our items stay functional season after season. At the end of their lifecycle, many of our solar products feature recyclable DuPont™ Tyvek® shades and metal frames, allowing for responsible repurposing instead of contributing to landfill waste.

TWINKLE, SHINE, AND TRANSFORM  
THE NIGHT

# Solar String Lights

Add the finishing touch to any outdoor space with our gorgeous solar string lights. Choose from delicate LED fairy lights, plated and punched steel, or vivid weather-resistant nylon. Because the solar collector is spaced many feet away from the first bulb, these lights are not only eco-friendly but also easy to hang. String them across a patio, off an umbrella, or through a trellis for the height of elegant ambiance.

WHERE INNOVATION MEETS EASE

# Tools & Accessories

In the early 2000s, our founder, Jim Allsop, set out to reinvent the wheelbarrow, creating the ergonomic WheelEasy™—the foundation of Allsop Home & Garden’s innovative line of tools. Since then, we’ve expanded our range to include everything from durable tarps to practical pot feet, all designed to improve your outdoor experience. Whether you’re a weekend gardener, a seasoned pro, or just need to haul gear, we provide the tools to help you create and maintain the perfect outdoor space.
